

TETRACOM: Technology Transfer in Computing Systems

FP7 Coordination and Support Action to fund 50 technology transfer projects (TTP) in computing systems. This project has received funding from the European Union's Seventh Framework Programme for research, technological development and demonstration under grant agreement n° 609491.

Why TETRACOM?

- Technology Transfer (TT) not well organized at European level
- Few EU projects implement their exploitation plans
- Start-up companies are just one special way of TT
- Need more focus on small-scale TT

TETRACOM is open to all of you!

Major instrument: Technology Transfer Projects (TTPs)

- Partial funding provided by TETRACOM (normally 25-50,000 Euro)
- Bilateral project between an academic and an industry partner
- Duration: 3-12 months
- 17 TTPs ongoing now

□ How to get TTP funding?

- 3 open calls for TTPs (next call in August 2015)
- Quick, light-weight procedures; proposals are 3 pages only
- Competitive process involving external evaluators
- Company partner at least contributes 50% of total budget
